

Manroy .50" M2 HB Machine Gun (Quick Change Barrel)

- Calibre 12.7mm / .50"
- Maximum Range 6766 m / 7000 yds
- 100 ready rounds boxed
- Weight of complete gun & barrel 38kg / 84lbs

.50" M2 HBMG QCB Technical Specifications

Muzzle velocity
915 ms / 2930 fps

Effective range
1830 m / 2000 yds

Rate of fire
450-600 rpm

Type of fire
Single shot / Fully automatic

Length of gun
1650mm / 65ins

Optional upgrades

Quick change barrel (QCB)

Blank firing system (BFS)

Lightweight tripod

The Quick Change Barrel model with fixed head-spacing allows the barrel to be changed in less than 10 seconds and eliminates the need to carry out the headspace gauging procedure.

A QCB kit is available to convert existing standard M2HB guns to the QCB specification.
